

KIENE CC2064 Clutch Adapter Kit for Eaton Ultra Shift Clutches

INSTRUCTIONS FOR USE

WARNING: Before attempting to use this device, read and understand these instructions.

WARNING: The extended leg assemblies must be installed before installing and using the CC2064-1 Splined Shaft.

PARTS LIST

- (1) CC2063-1 Leg Extension, RH
- (1) CC2063-2 Leg Extension, LH
- (1) CC2064-1 Splined Shaft

Install the CC2064 on the Clutch Caddy as follows:

1. Remove the existing right and left leg assemblies from the Clutch Caddy.
2. Transfer the casters from the existing leg assemblies to the CC2063-1 and -2 Leg Extensions.
3. Install the extended leg assemblies on the Clutch Caddy using the existing hardware.
4. Remove the existing splined shaft from the Clutch Caddy. Install the CC2064-1 Splined Shaft and insert the retaining pin.

Note: The extended leg assemblies, once installed, may remain on the Clutch Caddy for use with other adapters.
